Fussy Monkey Designs

Fussy Monkey Designs / One Call PC Solutions, based out of downtown Mansfield, would like to help build your company a professional website. We are extending our services to all small and medium sized businesses by offering reasonable rates, excellent service and avoiding “cookie cutter” website templates. If you have any questions or wish to obtain an estimate please do not hesitate in contacting us by phone or email.

Hosting: (\$120/year, this includes the optional Reflexion Spam Control Program)

- 1000 MB Web Space
- 20 GB Monthly Transfer
- Unlimited Email Addresses
- Unlimited Parked Domains
- Unlimited Sub-Domains
- Spam Protection (Spam Assassin)
- Webmail Access
- Password Protected Folders
- URL Redirects
- Reliable Dual-Server Clusters
- E-Commerce and Shopping Carts

Live Stats:

The server uses AWStats to keep track of website traffic. AWStats is a web analytics reporting tool, meaning that it creates reports, tables and bar graphs to keep you informed about your website. It will tell you the number of hits you get, where your website hits are coming from and what searches are getting people to your site so we can tailor your tags for better results.

E-Commerce:

We offer several choices for E-Commerce and web based sales. We can meet with you and demonstrate the different, highly customizable options for shopping carts and web sales. All of the e-commerce systems we offer can be integrated with your existing credit card system or through providers such as PayPal Merchant Services to accept payments on-line. All of our carts are very user friendly for end users of all skill levels. Notes and personal training are also available to assist you.

Additional Features:

Search Engine Optimization
Secure Email with use of a Contact Form
Handwritten HTML code (no cookie cutter websites)
Local support

Professional and permanent email addresses are one of the best reasons to establish your own domain. Addresses at yahoo.com will not demand the same respect as addresses at yourcompany.com. Your customers demand professional results, show them you've got what it takes.

Your clients are shopping around on the internet and that makes having a clean, clear, professional website vital to business. Easy to remember email addresses and a strong web presence combined with email based newsletters and customer follow-ups will grow your business.

We can quickly design matching letterhead, fax coversheets, post cards, emailed newsletters and more to tie together your company's identity. Please contact us for more information; it's far more affordable than you might think. In today's business environment can you really afford to be without it?

For more information please don't hesitate to give us a call. Thanks for your time and please let us know if there is anything we can do to help you in your decision making process.

Thanks Again!

Convert your Receivables into Cash, Cash to Grow your Business

The Interface Financial Group ("IFG") can help grow your business simply by turning your current account receivables into instant cash. Through an innovative and proven *invoice discounting* process IFG supplies the working capital you need now to make your business grow.

Building on over 35 years of service and millions of dollars in funding IFG offers a professional and personal service to facilitate your business growth plans. With an innovative approach to financing the needs of 'small business' IFG is able to offer real-time and cost effective cash flow solutions.

Factoring...Invoice Discounting...Account Receivable Financing...Financing Receivables...turning your receivables into cash has numerous names but it is all basically the same process. Whatever you call it: Convert your Current Receivables into Cash Today.

Business owners use IFG for numerous reasons:

1. Cash to grow their business
2. Cash to expand their product lines
3. Cash to meet payroll obligations
4. Cash to pay your bills on time
5. Cash to fulfill a large order
